

# The time is right to make a smart switch

## Get your trade-in bonus for MOBY I

Compact, rugged, cost-effective, flexible, and unbeatably fast – these are the features offered by our new RFID systems for the production automation.

By upgrading to our current RFID systems, you achieve higher performance in all key parameters and the latest technology for future-oriented operation of your plants and machinery.

Today we can offer you an interesting package to make upgrading to the latest RFID systems easy.

### Migration advice from our RFID specialists

A personal system consultation can show you how the many uses of our RFID systems can be optimally aligned to different application requirements. An RFID specialist will support you during migration to ensure a smooth change-over to the new system.

### Trade-in bonus for MOBY I

If you choose to migrate to the latest RFID systems from Siemens, you will receive an attractive additional discount on selected RFID components. This additional discount is granted on your existing customer price. You will receive the additional discount on all read/write devices and interface modules of the SIMATIC RF200 and RF300 series:

- 5 % on RF200 and 10 % on RF300 for an order value up to 50 000 EUR<sup>1)</sup> and trade-in of at least 10 read/write devices
- 10 % on RF200 and 15 % on RF300 for an order value up to 150 000 EUR<sup>1)</sup> and trade-in of at least 40 read/write devices
- 15 % on RF200 and 20 % on RF300 for an order value above 150 000 EUR<sup>1)</sup> and trade-in of at least 100 read/write devices

Act now to ensure your discount, as there is a time limit on this offer.

<sup>1)</sup> The order value comprises the sum of all read/write devices, antennas, interface modules, transponders, and RFID accessories at your current customer price (without extra discount).
